AN ICON OF DOWN-UNDER IN NYC

Founded 2003, Down Under Bakery Pies, LLC is proud to be the first specialty bakery to bring the authentic New Zealand-Australian experience – “the culturally iconic meat pie” – to NYC.

ONE NATION UNDER PIE

MEAT PIE CULTURE: MANY NATIONS maintain a strong meat pie culture – Britain, Ireland, South Africa, Jamaica etc – but, perhaps most notably, in Australia & New Zealand meat pies are more central to the food culture than pizza is to the New Yorker’s diet, honestly!

GOURMET

In the mid 80’s the meat pie underwent a radical renaissance in the lands Down Under. High grade meats, fresh ingredients, (highly prized) flaky pastries & the unleashed imaginations of great chefs gave birth to a new tradition – ‘the gourmet meat or vegetarian pie.’

DUB’S MISSION

To share the Down Under tradition of exceptional quality, gourmet meat pies with New Yorkers.

COFFEE

OZZIE'S FAIR TRADE, ORGANIC COFFEE ROASTED LOCALLY. ORGANIC MILK (SOY ALSO AVAIL)

We've partnered with a local coffee roaster ("Ozzie's") to bring you an organic, fair-trade bean roasted just a few blocks away. Our French Roasted beans are never more than a week old and they're ground just before you order. (We're so serious about coffee - if you buy our beans we insist you grind them yourself at home.)

THE FLAT WHITE

DUB Pies specializes in the "Flat White" - similar to a latte but stronger and always served in a smaller cup. We use organic milk to create a creamy, micro-foam (not froth) that is poured in such a way that the crema rises undisturbed to the top of the cup. Delish!

WE ALSO OFFER YOUR FAVORITE ESPRESSO-BASED COFFEE including our freshly made ICED COFFEE. Spot on for the Summer!
